Request for Applications for PEAK Grant Program

The Kansas Arts Commission is accepting applications for grants from the Planning Education in the Arts in Kansas (PEAK) program for fiscal year 1991. PEAK is an initiative for Kansas school districts, including reservation schools, interested in developing three- to five-year plans for the implementation of comprehensive arts curricula.

School districts have until July 15 to assemble planning teams and submit applications for PEAK funding. Up to 15 grants of \$2,000 each will be awarded by the Kansas Arts Commission in September. Each grant requires a match from the district of at least \$1,000 in cash and no more than \$1,000 worth of in-kind services.

After receiving a grant, each planning team will continue to meet during a two-year period to develop an arts plan based upon local resources and needs. Technical assistance, but not funding, is available from the KAC for the second year of the program.

In October, leaders from the teams will attend a state training workshop to participate in sessions on leadership development and planning and to review the PEAK Program Planning Handbook.

Funding for PEAK is provided by the Kansas Legislature and through the Arts in Schools Basic Education Grant program of the National Endowment for the Arts, a federal agency.

Requests for guidelines and application forms should be directed to the Kansas Arts Commission, Jayhawk Tower, 700 S.W. Jackson, Suite 1004, Topeka 66603-3714, (913) 296-3335.

State of Kansas Wildlife and Parks Commission

Notice of Meeting and Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 7 p.m. Thursday, May 24, at the Holiday Park Inn, Derrick Room, 3030 S. Santa Fe, Chanute, to consider the adoption of five department regulations. If necessary, the public hearing will continue at 9 a.m. Friday, May 25, at the same location. A workshop meeting on upcoming business and regulations will begin at 1:30 p.m. Thursday, May 24, at the same location. If necessary, the workshop will continue following the conclusion of the public hearing. The public is also invited to attend the workshop.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending or rejecting the proposed regulations.

The following is a brief summary of the exempt and

permanent regulations proposed for adoption:

K.A.R. 115-2-4. Boat fees. This permanent regulation establishes boating related fees for registrations, water events, duplicates and special service charges. Fees previously established by statute are included and a water event permit of \$25 is re-established.

Economic Impact Summary: Reinstatement of the water event or regatta fee would result in an estimated income to the department of \$7,500 based on issuance of 300 permits at \$25 per permit. Other fees provide for a con-

tinuance of current charges.

K.A.R. 115-7-5. Bullfrogs and turtles; legal equipment, methods of take and license requirement. The current regulation would be amended to establish legal equipment and methods of take for common snapping turtles and soft shelled turtles. It establishes a fishing license requirement for the taking of turtles.

Economic Impact Summary: This regulation allows for continued sport harvest of turtles using traditional equipment and methods, thus is not anticipated to have an economic impact. The requirement of a fishing license for turtles should have little impact, as most people taking turtles do so in conjunction with fishing activities and already possess a fishing license.

K.A.R. 115-20-1. Crows; legal equipment, taking methods and possession. This permanent regulation establishes legal equipment and methods of take for crow hunting and for legal possession of crows. Traditional means and

methods of take are continued.

Economic Impact Summary: No economic impact is anticipated.

K.A.R. 115-25-15. Bullfrogs and turtles; open season; daily limits and possession. This exempt regulation establishes the open seasons, daily limits and possession limits for bullfrogs, common snapping turtles, and soft shelled turtles. The placement of limits on turtles represents the only change from prior years.

Economic Impact Summary: No economic impact is

anticipated.

K.A.R. 115-25-16. Crows; open season, bag limit and possession limit. This exempt regulation establishes the open season, bag limit and possession limit for crows. Establishment of a hunting framework is new. Previously, crows were taken under a federal depredation order. With the establishment of a season, hunting can occur during the season and may also be taken at other times under authority of the federal depredation order.

Economic Impact Summary: Establishment of a season may stimulate some additional hunting activity; however,

insignificant impact is anticipated.

Copies of the full text of the proposed regulations and the economic impact statements may be obtained by writing to the Secretary of Wildlife and Parks at the address above.

Published in the Kansas Register, April 19, 1990.) Notice of Bond Sale Jefferson County, Kansas \$1,000,000 General Obligation Bridge Bonds Series 1990

Jefferson County, Kansas, will receive sealed bids at the office of the County Clerk, Jefferson County Courthouse, Oskaloosa, KS 66066, until 11:30 a.m. local time on May 2, 1990, for \$1,000,000 principal amount General Obligation Bridge Bonds, Series 1990, of the county, at which time and place such bids shall be publicly opened.

The bonds will be dated May 1, 1990, and will mature on May 1 in each of the years and in the amounts set forth below. The bonds will consist of fully registered certificated bonds, each in the denomination of \$5,000 or integral multiples thereof not exceeding the principal amount of bonds maturing in any year. Interest will be payable semiannually on May 1 and November 1 of each year, commencing May 1, 1991. The principal of the bonds will be payable in lawful money of the United States of America at the principal office of the Kansas State Treasurer (the paying agent and bond registrar) to the registered owners thereof upon presentation of the bonds for payment and cancellation. Interest on the bonds will be payable in lawful money of the United States of America by check or draft of the paying agent to the registered owners appearing on the books maintained by the bond registrar as of the 15th day of the calendar month next preceding the interest payment dates (the record dates). The fees of the bond registrar for the registration and transfer of the bonds will be paid by the county.

The bonds will mature serially in accordance with the

At the option of the county, bonds maturing on May 1, 1998, and thereafter will be subject to redemption and payment prior to maturity, on May 1, 1997, and on any interest payment date thereafter, in whole or in part (in integral multiples of \$5,000) in inverse order of maturity (and by lot within a single maturity) at the redemption price of 100 percent of the principal amount thereof so redeemed, plus accrued interest thereon to the date fixed for redemption.

Proposals will be received on the bonds bearing such rate or rates of interest, not exceeding five different interest rates, as may be specified by the bidder. The repetition of a rate will not constitute a different rate. The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be in an even multiple of 1/8 or 1/20 of 1 percent. The difference between the highest and lowest interest rates specified in any bid shall not exceed 2 percent. No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being 2 percent above the 20 bond index of tax exempt' municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, and no bid of less than par plus accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bids shall be submitted on the official bid form furnished by the county, shall be addressed to the county clerk at the above address, and shall be marked "Bond Bid." All bids must state the total interest cost of the bid and the average annual interest rate—certified by the bidder to be correct—and the county will be entitled to rely on the certificate of correctness. Bids must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid, payable to Jefferson County, Kansas. In the event a bidder whose bid is accepted shall fail to carry out the contract of purchase, said deposit shall be retained by the county as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

The bonds, duly printed, executed and registered, will be furnished and paid for by the county, and the bonds will be sold subject to the approving opinion of Linde Thomson Langworthy Kohn & Van Dyke, P.C., Kansas City, Missouri; and Sloan, Listrom, Eisenbarth, Sloan & Glassman, bond counsel of Topeka, Kansas, as to the validity of the bonds, whose opinion will be paid for by the county. The opinion will state that it is counsel's opinion that, under existing law and assuming compliance by the county with the terms of the bond resolution, the interest on said bonds is exempt from present federal income taxation except as such interest may be included in the measure of income for computing alternative minimum taxes imposed on corporations, and that the bonds are exempt from Kansas income and intangible personal property taxes, which opinion is subject, however, to the following information.

The Internal Revenue Code of 1986 imposes requirements and restrictions that must be satisfied in order for interest on obligations issued on behalf of local govern-

ments to be exempt from federal income taxation. The county, acting through the Board of County Commissioners, will covenant in the bond resolution to take all action (within its ability to do so) necessary to comply with the 1986 code in order to preserve the tax-exempt status of the bonds.

The bonds will be designated "qualified tax exempt obligations" by the county for purposes of Section 265(b) (3) (B) of the 1986 code.

The number, denomination of bonds and names of the initial registered owners shall be submitted in writing by the successful bidder to the bond registrar not later than May 15, 1990. In addition, the initial offering price to the public shall be furnished to the county by the successful bidder at least one week prior to the closing date, and a certificate setting forth such initial reoffering price to the public shall be furnished by the successful bidder at closing.

The purchaser will be furnished with a complete transcript of proceedings evidencing authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in funds that are immediately available for use by the county. Delivery of the bonds will be made to the successful bidder on or about May 31, 1990, at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the county; delivery elsewhere will be made at the expense of the purchaser.

The bonds will constitute general obligations of the county payable from ad valorem taxes, which may be levied without limitation as to rate or amount upon all of the taxable, tangible property within the county. The bonds are being issued for the purpose of paying the costs of reconstructing and rebuilding certain bridges in the county pursuant to K.S.A. 68-1103 et seq. and 10-101 et seq., as amended and supplemented.

Sealed bids for the bonds shall be opened publicly and only at the time and place specified in this notice. The county reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the county, and the net interest cost will be determined by deducting any amount of any premium paid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

The equalized assessed valuation of taxable tangible property within the county for 1989 is \$59,682,314. The total general obligation bonded indebtedness of the county, including the bonds, will be \$1,090,000.

Additional copies of this notice of bond sale and further information may be received from John C. McArthur, Beecroft, Cole & Company, One Townsite Plaza, Topeka, KS 66603, (913) 234-5671.

The third copy of the permit shall be retained by the applicant.

The secretary or local authority may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure.

(d) Every permit shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit. It shall be unlawful for any person to violate any of the terms

The fees received under this section shall be remitted to the state treasurer who shall deposit the same in the state treasury and shall be credited to the state highway fund. The secretary may adopt rules and regulations for payment and collection of the fees.
- (f) If any local authority does not desire to exercise the powers conferred on it by this section to issue or deny permits then such a permit from the local authority shall not be required to operate any such vehicle or combination of vehicles on highways under the jurisdiction of such local authority, but in no event shall the jurisdiction of the local authority be construed as extending to any portion of any state highway, any city street designated by the secretary as a connecting link in the state highway system or any highway within the national system of interstate and defense highways, which highways and streets, for the purpose of this section, shall be under the jurisdiction of the secretary.

(g) A housetrailer or mobile home which exceeds the width as provided in subsection (a) of K.S.A. 8-1902, and amendments thereto, may be moved on the highways of this state by obtaining a permit as provided in this section, if:

SENATE BILL No. 572

An ACT relating to property taxation; concerning the valuation of certain land devoted to agricultural use; amending K.S.A. 79-1476 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 79-1476 is hereby amended to read as follows: 79-1476. The director of property valuation is hereby directed and empowered to administer and supervise a statewide program of reappraisal of all real property located within the state. Except as otherwise authorized by K.S.A. 19-428, and amendments thereto, each county shall comprise a separate appraisal district under such program, and the county appraiser shall have the duty of reappraising all of the real property in the county pursuant to guidelines and timetables prescribed by the director of property valuation and of updating the same on an annual basis. In the case of multi-county appraisal districts, the district appraiser shall have the duty of reappraising all of the real property in each of the counties comprising the district pursuant to such guidelines and timetables and of updating the same on an annual basis. Commencing in 1990, every parcel of real property shall be actually viewed and inspected by the county or district appraiser once every four years. The director shall require the initiation of such program of statewide reappraisal immediately after the effective date of this act.

Compilation of data for the initial preparation or updating of inventories for each parcel of real property and entry thereof into the state computer system as provided for in K.S.A. 1987 Supp. 79-1477, and amendments thereto, shall be completed not later than January 1, 1989. Whenever the director determines that reappraisal of all real property within a county is complete, notification thereof shall be given to the governor and to the state board of tax appeals.

Valuations shall be established for each parcel of real property at its fair market value in money in accordance with the provisions of

K.S.A. 79-503a, and amendments thereto.

In addition thereto valuations shall be established for each parcel of land devoted to agricultural use upon the basis of the agricultural income or productivity attributable to the inherent capabilities of such land in its current usage or, in the ease of such land which is subject to the federal conservation reserve program, in its usage immediately prior to being subject to such program, under a degree of management reflecting median production levels in the manner hereinafter provided. A classification system for all land devoted to agricultural use shall be adopted by the director of property valuation using criteria established by the United States department of agriculture soil conservation service. For all taxable years commencing after December 31, 1989, all land devoted to agricultural use which is subject to the federal conservation reserve program shall be classified as cultivated dryland for the purpose of valuation for property tax purposes pursuant to this section. Productivity of land devoted to agricultural use shall be determined for all land classes within each county or homogeneous region based on an average of the eight calendar years immediately preceding the calendar year which immediately precedes the year of valuation, at a degree of management reflecting median production levels. The director of property valuation shall determine median production levels based on information available from state and federal crop and livestock reporting services, the soil conservation service, and any other sources of data that the director considers appropriate.

The share of net income from land in the various land classes within each county or homogeneous region which is normally received by the landlord shall be used as the basis for determining agricultural income for all land devoted to agricultural use except pasture or rangeland. The net income normally received by the landlord from such land shall be determined by deducting expenses normally incurred by the landlord from the share of the gross income normally received by the landlord. The net rental income normally received by the landlord from pasture or rangeland within each county or homogeneous region shall be used as the basis for determining agricultural income from such land. The net rental income from pasture and rangeland which is normally received by the landlord shall be determined by deducting expenses normally incurred from the gross income normally received by the landlord. Commodity prices, crop yields and pasture and rangeland rental rates and expenses shall be based on an average of the eight calendar years immediately preceding the calendar year which immediately precedes the year of valuation. Net income for every land class within each county or homogeneous region shall be capitalized at a rate determined to be the sum of the contract rate of interest on new federal land bank loans in Kansas on July 1 of each year averaged over a five-year period which includes the five years immediately preceding the calendar year which immediately precedes the year of valuation, plus a percentage not less than .75% nor more than 2.75%, as determined by the director of property valuation.

Based on the foregoing procedures the director of property valuation shall make an annual determination of the value of land within each of the various classes of land devoted to agricultural use within each county or homogeneous region and furnish the same to the several county appraisers who shall classify such land according to its current usage and apply the value applicable to such class of land according to the valuation schedules prepared and adopted by the director of property valuation under the provisions of this section.

For the purpose of the foregoing provisions of this section the phrase "land devoted to agricultural use" shall mean and include land, regardless of whether it is located in the unincorporated area of the county or within the corporate limits of a city, which is devoted to the production of plants, animals or horticultural products, including but not limited to: Forages; grains and feed crops; dairy animals and dairy products; poultry and poultry products; beef cattle, sheep, swine and horses; bees and apiary products; trees and forest products; fruits, nuts and berries; vegetables; nursery, floral, ornamental and greenhouse products. Land devoted to agricultural use shall not include those lands which are used for recreational purposes, suburban residential acreages, rural home sites or farm home sites and yard plots whose primary function is for residential or recreational purposes even though such properties may produce or maintain some of those plants or animals listed in the foregoing definition.

The term "expenses" shall mean those expenses typically incurred in producing the plants, animals and horticultural products described above including management fees, production costs, maintenance and depreciation of fences, irrigation wells, irrigation laterals and real estate taxes, but the term shall not include those expenses incurred in providing temporary or permanent buildings used in the production of such plants, animals and horticultural products.

The valuations established for tangible property under the program of statewide reappraisal shall not be applied by any county as a basis for the levy of taxes until January 1, 1989. The provisions of this act shall not be construed to conflict with any other provisions of law relating to the appraisal of tangible property for taxation purposes including the equalization processes of the county and state board of tax appeals.

Sec. 2. K.S.A. 79-1476 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

An Act concerning the workers compensation act, relating to medical, physical and vocational rehabilitation; amending K.S.A. 1989 Supp. 44-510g and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1989 Supp. 44-510g is hereby amended to read as follows: 44-510g. (a) A primary purpose of the workers compensation act shall be to restore to the injured employee the ability to perform work in the open labor market and to earn comparable wages, as determined pursuant to subsection (a) of K.S.A. 44-510e and amendments thereto. To this end, the director shall appoint, subject to the approval of the secretary, a specialist in medical, physical and vocational rehabilitation, who shall be referred to as the rehabilitation administrator. The director shall appoint, subject to the approval of the secretary, four assistant rehabilitation administrators. The rehabilitation administrator and the assistant rehabilitation administrators shall be in the classified service under the Kansas civil service act. The rehabilitation administrator and the assistant rehabilitation administrators, subject to the direction of the

ontinued

rehabilitation administrator, shall: (1) Continuously study the problems of physical and vocational rehabilitation; (2) investigate and maintain a directory of all rehabilitation facilities, public or private, in this state, and, where such rehabilitation administrator determines necessary, in any other state; and (3) be fully knowledgeable regarding the eligibility requirements of all state, federal and other public medical, physical and vocational rehabilitation facilities and benefits. With respect to private facilities and agencies providing medical, physical and vocational rehabilitation services, including rehabilitation service programs provided directly by employers, the director shall approve as qualified such facilities, institutions, agencies, employer programs and physicians as are capable of rendering competent rehabilitation services. No such facility, institution, agency or employer program shall be considered qualified unless it is specifically equipped to provide rehabilitation services for persons suffering from either some specialized type of disability or some general type of disability within the field of occupational injury or disease, and is staffed with trained and qualified personnel and, with respect to medical and physical rehabilitation, unless it is supervised by a physician qualified to render such service. No physician shall be considered qualified unless such physician has had such experience and training as the director may deem necessary.

(b) Under the direction of the director, and subject to the director's final approval, the rehabilitation administrator shall have the duties of directing and auditing medical, physical and vocational rehabilitation of employees in accordance with the provisions of this

ection.

(c) An employee who has suffered an injury shall be entitled to prompt medical and physical rehabilitation services as may be reasonably necessary to restore to such employee the ability to perform work in the open labor market and to earn comparable wages, as determined pursuant to subsection (a) of K.S.A. 44-510e and amend-

ments thereto, and as provided in this section.

(d) When as a result of an injury or occupational disease which is compensable under the workers compensation act, the employee is unable (1) to perform work for the same employer at a comparable wage with or without accommodation or (2) to enter the open labor market to perform work for which such employee has previous training, education, qualifications or experience and earn a comparable wage, such employee shall be entitled to such vocational rehabilitation services, including retraining and job placement, as may be reasonably necessary to restore to such employee the ability to perform work in the open labor market and to earn comparable wages, as determined pursuant to subsection (a) of K.S.A. 44-510e and

amendments thereto, and as provided in this section.

(e) (1) If the employee has remained off work for 90 days or if it is apparent to the director the employee requires vocational rehabilitation services and, in either case, if approved rehabilitation services are not voluntarily furnished to the employee by the employer, the director, on such director's own motion or upon application of any party, may refer the employee to a qualified public agency, if the employee is eligible, or to a private agency or facility, or the employer's rehabilitation service program, if qualified, for evaluation an assessment and for a report of the practicability of, need for, and kind of service, treatment, training or rehabilitation which is or may be necessary and appropriate to render such employee able to perform work in the open labor market and to earn comparable wages, as determined pursuant to subsection (a) of K.S.A. 44-510e and amendments thereto. Such referral for an assessment by a qualified agency or facility shall be subject to the employer's right to select the qualified agency or facility under subsection (k). If the employee is referred for assessment, the director may order the employer to pay temporary total disability compensation, computed as provided in K.S.A. 44-510c and amendments thereto, or temporary partial disability compensation, computed as provided in K.S.A. 44-510e and amendments thereto, to the employee which may be payable commencing on the date that the assessment is determined to be necessary and may continue to be paid during the period of rehabilitation assessment through the date that the assessment and the rehabilitation plan, if needed, are delivered by the rehabilitation administrator to the director as provided in subsection (e)(2), except that such temporary total disability compensation or temporary partial disability compensation shall cease to be payable if the assessment and plan development or completion are delayed and the delay is

determined by an administrative law judge to be the fault of the employee. The date of the order by the administrative law judge or the written notification by the rehabilitation administrator, regarding the assessment, shall be the date that the assessment is determined to be necessary. The costs of such evaluation assessment and report shall be at the expense of the employer. Each report shall contain a determination as to whether a rehabilitation plan is needed. If it is determined that a rehabilitation plan is needed, the report shall contain a rehabilitation plan which shall adhere to the following priority listing of rehabilitation goals:

(A) The first priority is to return the employee to the same work

for the same employer;

(B) the second priority is to return the employee to the same work, with accommodation, for the same employer;

(D) the fourth priority is to return the employee to the same work for another employer;

(E) the fifth priority is to return the employee to other work for another employer; and

(F) the sixth priority is to provide vocational rehabilitation, reed-

If all parties do not agree with the report, the rehabilitation administrator shall confer with the rehabilitation service provider, the employee and the employer to review the evaluation assessment and the proposed rehabilitation plan in the report. The rehabilitation administrator shall ensure the evaluation assessment and the rehabilitation plan are objective and reasonable and the rehabilitation goal is reasonably obtainable. Within 20 days after the initial review of the report, the rehabilitation administrator shall deliver copies of the report, together with the rehabilitation administrator's recommendations and any revisions of or objections to the assessment or the rehabilitation plan, to each party, to the director and to the assigned administrative law judge, if there is one. Within 10 days after receipt of such report, any party may request a hearing before the director on any matter contained in the report or any such recommendations or revisions. Temporary total or temporary partial disability compensation paid solely because of involvement in the rehabilitation evaluation process shall not be payable for more than 70 days from the date of the evaluation, except such temporary total or temporary partial disability compensation may be continued by the director for an additional period of not more than 30 days if circumstances outside the control of the employee prevents completion of the evaluation or the formulation of the rehabilitation plan, except that such temporary total disability compensation or temporary partial disability compensation shall cease to be payable if the assessment and plan development or completion are delayed and the delay is determined by an administrative law judge to be the fault of the employee; the date of the order by the administrative law judge or the written notification by the rehabilitation administrator, regarding the assessment, shall be the date that the assessment is determined to be necessary;

(C) where vocational rehabilitation, reeducation or training is recommended in the report, or is deemed necessary by the director to restore to the employee the ability to perform work in the open labor market and to earn comparable wages, as determined pursuant

(D) if the employee is not eligible for such vocational rehabilitation, reeducation or training through any such state, federal or other public facility or agency, or where such services through such facilities or agencies are not available to the employee within a reasonable period of time, may order such services be provided at the expense of the employer by any qualified private agency or facility in this state or any state contiguous to this state or by the employer, subject to the right of the employer to select the qualified agency or facility under subsection (k).

(3) Any vocational rehabilitation, reeducation or training to be provided at the expense of the employer under subsection (e)(2) shall not extend for a period of more than 36 weeks, except, in extremely unusual cases, after a hearing and the presentation of evidence, the director, by special order, may extend the period for not more than an additional 36 weeks. The employer shall have a right to appeal to the district court any such special order by the director for any extension of the initial thirty-six-week period, within the time and in the manner provided in K.S.A. 44-556 and amendments thereto and any such special order shall be stayed until the district court has determined the appeal. There shall be no right of appeal to the Kansas supreme court or court of appeals from a judgment of the district court sustaining or overruling any such special order of the director.

(f) Where vocational rehabilitation, reeducation or training is to be furnished at the expense of the employer under this section, and such services require that the employee reside at or near a facility or institution, away from the employee's customary county of residence, either in or out of the state of Kansas, the reasonable costs of the employee's board, lodging and travel, not to exceed a maximum total of \$3,500 for any thirty-six-week period, shall be paid by the employer, except, in unusual cases where, after a hearing and the presentation of evidence the director finds the costs are clearly reasonable and necessary, the director may require by special order that the employer pay an additional amount for the costs of the employee's board, lodging and travel of not more than \$2,000.

(g) The employer shall pay temporary total disability compensation during any period of vocational rehabilitation, reeducation or training, computed as provided in K.S.A. 44-510c and amendments thereto, but the employer shall receive credit for any weekly, monthly or other monetary payments made to the employee or such employee's family by any state, federal or other public agency during any such period, exclusive of any such payments for the board, lodging and travel expenses of the employee. Subject to a maximum of 26 weeks, the number of weeks during which temporary total disability compensation is paid during vocational rehabilitation, reeducation or training shall not be deducted from the maximum number of weeks available for the payment of disability compensation under the schedule provided in K.S.A. 44-510d and amendments thereto.

(h) The director shall cooperate with federal, state and other public or private agencies for vocational assessment, rehabilitation, reeducation or training, or medical or physical rehabilitation. The employer shall not be required to pay the reasonable costs of the employee's board, lodging and travel where such costs are borne by any federal, state or other public agency, nor shall any costs for vocational assessment, rehabilitation, reeducation or training be assessed to the employer if such vocational assessment, rehabilitation, reeducation or training is in fact furnished by and at the expense of any federal, state or other public agency.

(i) Whenever the director determines there is a reasonable probability that with appropriate medical, physical or vocational rehabilitation, reeducation or training, a person, who is entitled to compensation for permanent total disability, partial disability or any other disability under the workers compensation act, may be rehabilitated to the extent such person can become able to perform work in the open labor market and to earn comparable wages, as determined pursuant to subsection (a) of K.S.A. 44-510e and amendments thereto, and it is for the best interests of such person to undertake such rehabilitation, reeducation or training, if the injured

employee without good cause refuses to undertake the rehabilitation, educational or training program determined by the director to be suitable for such employee or refuses to be evaluated under the provisions of subsection (e) and the refusal is not due to the employee's physical or mental ability to do so, the employee shall be considered as having elected not to participate in such rehabilitation, reeducation or training and the director may suspend the payment of any disability compensation until the employee consents to undertake such program or to be so evaluated. The director may reduce the disability compensation otherwise payable if any such refusal persists for a period in excess of 90 days, except disability compensation shall not be reduced to less than that payable for permanent partial disability in accordance with K.S.A. 44-510d and amendments thereto or for permanent partial general disability for functional impairment in accordance with K.S.A. 44-510e and amendments thereto.

(i) At such time as any medical, physical or vocational rehabilitation, reeducation or training has been completed under this section, the employer shall have the right, by the filing of an application with the director, to seek a modification of any award which has been rendered granting any compensation to the employee for any disability. Upon at least 20 days' notice by registered mail to all parties, the director shall set the application for hearing and the parties shall present all material and relevant evidence. In the event the director determines the employee is rehabilitated so such employee is able to perform work in the open labor market and to earn comparable wages, as determined pursuant to subsection (a) of K.S.A. 44-510e and amendments thereto, the director shall modify any award of compensation or, if no such award has been made, the director shall make an award to reflect only such disability, if any, as exists at the conclusion of such rehabilitation. Any award of partial disability, or modification of an existing award, made pursuant to this subsection (j) shall be subject to the provisions of K.S.A. 44-510d and 44-510e and amendments thereto.

(k) The employer has the right to select the qualified agency or facility to provide vocational assessment, rehabilitation, reeducation or training for an employee under this section if the selection is made by the employer within 15 days after receipt of an order issued by an administrative law judge or a notification by the rehabilitation administrator that the vocational assessment, rehabilitation, reedu-

cation or training is needed for the employee.

(l) Upon proper application by either party, after a review for good cause shown by substantial evidence, a qualified agency or facility providing vocational assessment, rehabilitation, reeducation or training under this section may be replaced if the administrative law judge, in litigated cases, or the rehabilitation administrator, in nonlitigated cases, concur that there is adequate cause for a change of such qualified agency or facility. If an application made under this subsection is approved, the employer shall provide the employee a list of at least three qualified agencies or facilities to provide the vocational assessment, rehabilitation, reeducation or training under this section and the employee shall select a replacement from such list.

(m) Any qualified agency or facility providing vocational assessment, rehabilitation, reeducation or training under this section may be replaced by another such qualified agency or facility upon written notice by all parties, including the rehabilitation administrator, if there is an agreement by all parties to make such replacement.

- (n) As used in this section, "assessment" means the process of determining the need for services and the vocational potential of the injured worker. The assessment process includes the appointment of a rehabilitation vendor to review the injured worker's medical restrictions, education, experience and training, the worker's aptitude and abilities, and the job the worker was doing at the time of injury. The assessment must include a documented recommendation of the need for vocational rehabilitation services, and if needed, an individualized rehabilitation plan that identifies realistic vocational goals. The assessment must identify the obstacles to returning to a comparable wage position in the open labor market and the plan must provide a step-by-step procedure that will either circumvent or alleviate the obstacles identified in the counselor's determination that services are needed.
 - Sec. 2. K.S.A. 1989 Supp. 44-510g is hereby repealed.
- Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

SENATE BILL No. 755

AN ACT enacting the state certified real estate appraisers act; establishing the real estate appraisal board and prescribing the duties thereof, subjecting the board to the provisions of the Kansas sunset law; providing for certification and regulation of certain real estate appraisers; prohibiting certain acts and providing penalties for violations

Be it enacted by the Legislature of the State of Kansas:

Section 1. This act shall be known and may be cited as the state certified real estate appraisers act.

Sec. 2. As used in this act:

(a) "Appraisal" or "real estate appraisal" means an analysis, opinion or conclusion prepared by a real estate appraiser relating to the nature, quality, value or utility of specified interests in, or aspects of, identified real estate. An appraisal may be classified by subject matter into either a valuation or an analysis. A valuation is an estimate of the value of real estate or real property. An analysis is a study of real estate or real property other than estimating value.

(b) "Appraisal assignment" means an engagement for which an appraiser is employed or retained to act, or would be perceived by third parties or the public as acting, as a disinterested party in rendering an unbiased analysis, opinion or conclusion relating to the nature, quality, value or utility of specified interests in, or aspects of, identified real estate.

(c) "Appraisal report" means any communication, written or oral,

of an appraisal.

(d) "Board" means the real estate appraisal board established

pursuant to the provisions of this act.

(e) "Certified appraisal" or "certified appraisal report" means an appraisal or appraisal report given or signed and certified as such by a state certified real estate appraiser. When identifying an appraisal or appraisal report as certified, the state certified real estate appraiser must indicate which type of certification is held. A certified appraisal or appraisal report represents to the public that it meets the appraisal standards defined in this act.

Commission" means the Kansas real estate commission.

(g) "Federal law" means title XI of the financial institutions reform, recovery and enforcement act of 1989 (12 U.S.C. 3331 et seq.) and any other federal law, and any regulations adopted pursuant thereto.

"Real estate appraisal organization" means any nationally recognized organization of professional appraisers.

"Real property" means one or more defined interests, benefits

and rights inherent in the ownership of real estate.

- 'Specialized services' means those appraisal services which do not fall within the definition of appraisal assignment. Specified services may include valuation work and analysis work. Regardless of the intention of the client or employer, if the appraiser would be perceived by third parties or the public as acting as a disinterested party in rendering an unbiased analysis, opinion or conclusion, the work is classified as an appraisal assignment and not specialized services.
- (l) A "state certified real estate appraiser" means a person who develops and communicates real estate appraisals and who holds a current, valid general or residential certificate issued to such person under the provisions of this act.

No two real estate appraiser members shall be members of the same real estate appraisal organization. Upon expiration of the terms of the first members appointed to the board and thereafter, no real estate appraiser member of the board shall be eligible to serve unless such member is a state certified real estate appraiser. Not more than two years after the effective date of this act at least two of the appraiser members shall hold a current, valid general appraisal certificate.
